

IMG & IPHYS Proteomics Facility

Czech Academy of Sciences
Biomedical Research Campus in Prague, Krč

The newly established Proteomics Facility on the Biomedical Research Campus in Prague, Czech Republic, is seeking a BSc or MSc level scientist for a position:

Proteomics Lab Research Assistant

Position Requirements:

- BSc or MSc in biochemistry, analytical chemistry, biology, or a related field
- Experience with basic laboratory techniques; previous exposure to proteomics/metabolomics sample preparation is an asset
- Willingness to learn and adopt new laboratory techniques
- Basic command of English, PC literacy

Responsibilities:

- Prepare samples for proteomics analysis from tissues, cells, and biofluids
- Work collaboratively within the service laboratory to streamline the workflow from the experimental design, sample prep, LC-MS analysis, and final data analysis and interpretation
- Order and maintain laboratory supplies and equipment

We Offer:

- Job opportunity in the international environment of top research infrastructure
- Possibility of professional growth and further education
- Competitive salary
- Five weeks of vacations, three sick-days, and a wide range of benefits

Expected Appointment Start Date: October 2020, possibility for a part-time contract

Required Documents:

- Cover Letter
- Resume

to be sent by the applicant to the contact below by August 16, 2020
